- Warm Up: I Am Unique Because…
- Discussion: Navigating Challenges In The Classroom
- Enhancing Learning Outcomes With Notebooks
- Additional Teaching Resources
- Wrap Up
- Optional (but encouraged!): Collaboration Time

Breakout Discussion

Share A Success *OR*

- Talk about something that is going well in your classroom
- If your success was related to a challenge you were solving, share that too

Share A Challenge

- Give a brief description of a challenge in your classroom
- Ask for suggestions on how to resolve it

Reminder: Be Mindful

- Everyone is trying their best under tough circumstances
- Focus on what you can control

The person with a first name closest to the letter "L" will be the share out speaker for your group

While in Breakout …

We will return to the main room at

The person with the next birthday will be the timekeeper in your room.
You will automatically be returned to the Main Room at the end of the Breakout Session

You can load and play files, use the whiteboard, and share screens

Watch the yellow message bar at the top of the screen for important announcements

Make sure to turn on your Master Audio/Video controls at the top left of the screen

Have questions in your Breakout Room?
Click 'Call Instructor'!
